PROFESSIONAL SUMMARY

Software Engineering graduate with practical full-stack development experience and a strong foundation in back-end development, front-end integration, databases, RESTful APIs, and software engineering practices. Experienced with Laravel, Django, React.js, Node.js/Express, MySQL, MongoDB, Git/GitHub, and Postman. Demonstrated ability to build database-driven applications, troubleshoot technical issues, and develop maintainable solutions. Seeking opportunities in software engineering, IT systems, application support, or technology operations.

EDUCATION

Bachelor of Science in SOFTWARE ENGINEERING

Wolkite University, Ethiopia | 2026

Relevant areas: System, Full-Stack Web Development, Network, IT Related.

CGPA: 3.54 / 4.00

NATIONAL EXIT EXAMINATION: 73.75%

TECHNICAL EXPERTISE

- ✓ Languages: PHP, Python, JavaScript (ES6+), Java, C++
- ✓ Front-End: React.js, HTML5, CSS3, Tailwind CSS, Bootstrap 5
- ✓ Back-End: Laravel (PHP), Django (Python), Node.js, Express.js
- ✓ Databases: MySQL, MongoDB
- ✓ Tools & Practices: Git/GitHub, RESTful API Design, MVC Architecture, OOP, Postman, Agile

ACADEMIC PROJECTS

- ✓ IES – Instructor Evaluation System | MERN Stack
- ✓ Student Seminar Presenter | Wolkite University
- ✓ Digital Unity Telegram Bot | Campus Business Automation: Python
- ✓ Selale University Scheduling System: Django
- ✓ Secondary School Registration : JavaFx
- ✓ Tena_Mart Waiting List: Django
- ✓ AfroFarm: MERN Stack
- ✓ Shopper: React
- ✓ Local-Business Android App: Android App

CERTIFICATIONS & TRAINING

◆ TenaMart ◆ CISCO ◆ Great Learning ◆ 5 Million Ethio Coders ◆ Oracle ◆ Udemy ◆ Wolkite University ◆ Udacity

INTERNSHIP / PRACTICAL EXPERIENCE

- ✓ Developed backend logic and frontend integrations
- ✓ Worked on real-world database-driven systems
- ✓ Improved debugging and optimization skills

HOBBIES & INTERESTS

- ✓ Open-Source Contribution & Personal Development Projects
- ✓ Reading Books
- Competitive Programming & Algorithm Challenges.
